This reference book covers the music released up to the year 2007.

The Ultimate Discography brings a wealth of information to your fingertips. Inside you'll find recording details on thousands of 7" and 12" singles, vinyl albums, CDs, promotional items and even 8-track tapes. Learn what video projects, soundtrack work and compilations Stewart Copeland, Sting, Andy Summers and Henry Padovani have been involved with during their long careers. The guide includes a detailed index which also allows for an easy cross-reference to the material.

Jon Messier wrote *An Investigation Into The Records Of The Police; The Ultimate Discography of Stewart Copeland, Sting, Andy Summers & Henry Padovani* to keep track of the music that was released by The Police. It began as a simple hobby and grew into a passion of more than 600 pages of detailed information. He came to Lulu because he wanted to be in control of the publishing process and found Lulu’s print-on-demand tools to be fast, easy and, most importantly, free. A distinction that is passed on to the customer through reduced retail pricing. *The Ultimate Discography* is available for purchase at www.lulu.com.
